

INTRODUCTION

Since 2003, Euro FC has been providing professional coaching to the youth of Rochester. Euro FC has contracted with coaching provider TetraBrazil since 2007, whose Brazilian coaches have brought the Brazilian style of soccer emphasizing attacking and possession. Brazil has a long history with Futsal. Today, soccer clubs around the country—including Minnesota—are discovering the benefits of Futsal training during the offseason. Your child will learn creative footskills, passing techniques and team tactics that will carry over to the outdoor game. Futsal demands quick feet, quick decisions and tight ball control.

2011 Winter Futsal Program

What is Futsal?

Futsal is the official five-a-side indoor soccer game and the only indoor soccer recognized by FIFA. Futsal is beginning to take the country by storm as more and more American soccer players, coaches, clubs and associations discover the unique and positive qualities of Futsal. It is a game played around the world as many of today's world stars began their youth soccer by playing Futsal. The Brazilians attribute their world soccer success to Futsal. ***"FUTSAL develops quick foot control, fast thinking and awareness, it certainly helped me." Ronaldo***
